

USER MANUAL AND SAFETY DATASHEET

KKSB Arduino UNO Rev3 Case (Black)

EAN:7350001160085

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

This is a protective metal case compatible with Arduino UNO (and clones with the same form factor). It is a powder-coated steel case with black finish designed for durable all-round protection and sleek look. With precise cutouts for all Arduino UNO interfaces, you can easily access all the necessary ports and connectors without having to remove the board from the case. The case cover features air vents to ensure adequate ventilation and prevent overheating.

Detailed Product Information

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electromechanical components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
