

# USER MANUAL AND SAFETY DATASHEET

## KKSB BeagleBone AI and BeagleBone Black Rev C Case

EAN:7350001160795

### Read before use

This document contains important technical and safety information about the device, and its safety use and installation

**⚠ WARNINGS!** WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

### Product Introduction

The KKSB BeagleBone steel case fits both BeagleBone Black Rev C and BeagleBone AI. It offers extra space on top for BeagleBone CAPes and has ample ventilation holes on the cover. Along the walls on either side, there are prepared punch-out holes. These holes can be used for cabling. The same goes for the holes on the back. You can use these holes for routing cables. At the bottom, the KKSB BeagleBone case has 4 rubber feet for optimal stability. There are pre-cut tapped holes on the bottom surface to be used together with KKSB DIN Rail Clip.

### Detailed Product Information

### Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

### Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electromechanical components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose of the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

**⚠ WARNING!** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
