

USER MANUAL AND SAFETY DATASHEET

KKSB ASUS Tinker Board 2 Case

EAN:7350001160924

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

The KKSB ASUS Tinker Board 2 Case is a 2-piece metal enclosure. The lid (top) of the case is made of high-grade powder-coated steel. It has an attractive array of hexagonal cutouts for convenient airflow in and out for proper heat dissipation. The bottom part of the case is made of sandblasted aluminum with grey anodized finishing. The case is designed to fit the ASUS Tinker Board 2 while letting the user access most of the important ports and interfaces on the board without having to remove the lid. Since this Tinker Board 2 enclosure supports DIN Rail Clip, KKSB UNC Thread, KKSB Camera Holder, and Mini Tripod, you can optimize the applicability of your ASUS Tinker Board 2. With this case and accessories, you can work on many IoT and AI applications including face recognition, proper surveillance, smart access, smart authorization, and more.

Detailed Product Information

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electromechanical components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
