

USER MANUAL AND SAFETY DATASHEET

KKSB LattePanda 3 Delta Aluminium Case

EAN:7350001161150

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠️ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

This aluminium case with black anodised finishing is compatible with LattePanda 3 Delta SBC. It supports up to 8 SMA antennas and has laser-engraved GPIO pin definition along with laser-cut openings for LattePanda 3 Delta ports and interfaces. The design of the cooling fan on LattePanda 3 Delta covers a larger blow area as compared to the fan on the previous version – LattePanda Delta. This is why it is very important for a LattePanda 3 case to support LattePanda 3 cooling through air vents to blow the air out of the case.

Detailed Product Information

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electromechanical components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠️ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
