

USER MANUAL AND SAFETY DATASHEET

KKSB Khadas Edge2 Heatsink Case - Black Aluminium Enclosure

EAN:7350001161259

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠️ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

KKSB Khadas Edge2 case is made of CNC machined aluminium and is designed to work as a heatsink for optimal passive cooling. The case comes with thermal pad and push buttons for Reset, Function, and Start. The KKSB Khadas Edge2 aluminium case has been designed with a built-in heatsink. It comes with a high-performance thermal conductive pad that ensures the best possible cooling, resulting in an SoC temperature of 80 degrees Celsius under full load at room temperature. For projects needed more cooling active cooling is needed. The case itself acts as a large passive heatsink, dissipating heat efficiently and keeping your device cool even during intensive workloads.

The bottom plate of the KKSB Khadas Edge2 Case is made of plastic, which ensures optimal WiFi and BT performance. This is because metal cases can interfere with wireless signals, leading to reduced performance. With the KKSB Khadas Edge2 Case, you can enjoy the full range and speed of your wireless connections.

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electromechanical components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠️ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
