

USER MANUAL AND SAFETY DATASHEET

KKSB Case Compatible with Arduino Uno R4 Minima and Wifi

EAN:7350001161761

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠️ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

Introducing the Aluminum Case for Arduino UNO R4 by KKSB Cases. Crafted from sandblasted aluminium, this case is tailored to accommodate Arduino UNO R4 and UNO R4 Minima boards. Equipped with enlarged slots on the cover to minimise wireless signal interference, making it perfect for Arduino UNO R4 WiFi projects. Additionally, dedicated wider slots enable easy monitoring of GPIO pin definitions, while separate slots on the cover facilitate LED indicator monitoring.

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electromechanical components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose of the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠️ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
