USER MANUAL AND SAFETY DATASHEET

KKSB 19-Inch (19") 2U Adjustable DIN Rail Mount Bracket

EAN: 7350001162423

Read before use

This document contains important technical and safety information about the product and its safe use and installation. Keep it for future reference.

⚠ **WARNING!** CHOKING HAZARD – SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS.

Product Introduction

The KKSB 19-Inch 2U Adjustable DIN Rail Mount Bracket brings DIN-rail mounted industrial automation, electrical and networking equipment into a standard 19-inch rack. It carries a 35 mm DIN rail according to EN 60715 / IEC 60715 and occupies two rack units (2U).

The mounting depth is adjustable, so the rail can be positioned to match the installation depth of the devices. Made of laser-cut SPCC steel with a black textured powder-coated finish and a galvanized steel DIN rail; all parts are bolted together. Ventilation cut-outs and the open construction keep devices accessible.

Note: Rack cabinet and DIN-rail devices are NOT included.

Technical Details

- Rack standard: 19-inch, 2U
- Dimensions: 481.3 × 132 × 88.9 mm (W × D × H)
- DIN rail: 35 mm, EN 60715 / IEC 60715, galvanized steel
- Mounting depth: adjustable
- Material: SPCC steel, black textured powder coating; bolted assembly
- Rack mounting: 4 × M6 cage nut, 4 × M6 × 12 mm screw
- Package contents: 2 × side mounting bracket, 1 × adjustable support rail, 1 × 35 mm DIN rail, 4 × M6 cage nut, 4 × M6 × 12 mm pan head screw, 8 × M5 × 8 mm screw, 8 × M5 serrated flange nut

Intended Use

For indoor use in dry environments for mounting DIN-rail devices on a 35 mm DIN rail in standard 19-inch racks. Mount only devices intended for 35 mm DIN rail mounting and do not cover the ventilation openings.

How to Assemble the KKSB DIN Rail Bracket

Step-by-step assembly instructions with photos – assemble the side brackets, support rail and DIN rail with the M5 screws and flange nuts, snap the M6 cage nuts into the rack rails at a free 2U position and fasten the bracket with the M6 × 12 mm screws, adjust the mounting depth, then tighten all fasteners and clip the devices onto the rail. The link below leads to the product page; the assembly guide is linked there under the heading "User Manuals":

Standards for Inclusion

This product meets the requirements of the latest published versions of the following EU legislation:

- RoHS – Directive 2011/65/EU incl. Delegated Directive (EU) 2015/863, as last amended by Directive (EU) 2025/2456 (consolidated version 01/07/2026), and the UK RoHS Regulations (S.I. 2012/3032).
- REACH – Regulation (EC) No 1907/2006, as last amended by Regulation (EU) 2026/2382 (consolidated version 22/06/2026). The product contains no substances of very high concern (SVHC) from the current ECHA Candidate List above 0.1 % w/w and complies with the restrictions in Annex XVII.
- POP – Regulation (EU) 2019/1021 on persistent organic pollutants, as last amended by Regulation (EU) 2026/2382 (consolidated version 30/09/2026), incl. the PFOS limits of Delegated Regulation (EU) 2025/718.

Disposal and Recycling

Packaging is handled in line with the EU Packaging and Packaging Waste Regulation (EU) 2025/40 (PPWR). Please sort it separately:

- Cardboard box and paper inserts: flatten and put in paper / cardboard packaging recycling (PAP 20).
- Metal parts: the steel brackets, DIN rail, cage nuts, screws and nuts can be recycled as metal at your local recycling centre.
- Components: if the product contains passive electromechanical parts (e.g. pin headers, or push buttons), these can be handed in at a collection point for electronics recycling.

Always follow the sorting labels and local rules in your country.

⚠ **WARNING!** *Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.*
