Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

KKSB NVIDIA Jetson Nano and XAVIER NX Case is compatible with the NVIDIA Jetson Nano B01 and Jetson XAVIER NX boards. Made of powder-coated steel and finished in black, this case is built to withstand the demands of your projects while still looking sleek and professional. The case also includes fasteners and rubber feet to keep it securely in place. The KKSB Jetson Nano, XAVIER NX enclosure also includes pre-cut punch-holes for antenna connectors and pushbutton (not included) to give you even more options for expanding your project. The KKSB NVIDIA Jetson Nano, XAVIER NX protective case features multiple mounting holes, including those for KKSB UNC Thread, KKSB DIN Rail Clip, KKSB Camera Holder, and KKSB Tripod, making it easy to mount your board in a variety of locations.

Fan, Heatsink, DIN Rail Clip, UNC Thread, and Camera Holder are NOT included.

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electronic components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
