

USER MANUAL AND SAFETY DATASHEET

KKSB BeagleBone AI-64 Case

EAN:7350001161143

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠️ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

This KKSB BeagleBone AI-64 Case is made of powder-coated steel. The case has space for BeagleBone CAPEs and is designed to fit the original AI-64 heatsink. Base of this BeagleBone AI-64 enclosure features 4x rubber feet and fits the BeagleBone AI-64 heatsink without blocking airflow. Rubber feet keep the case above the surface so that the air can flow uninterrupted underneath the case. The KKSB BeagleBone AI-64 steel case supports 2x SMA antenna plugs for externally mounted Wi-Fi and Bluetooth antenna (not included). The case walls have air vents for airflow across the interior. It also has cutouts for cables.

Detailed Product Information

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electronic components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠️ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
