EAN:7350001161327

Read before use

This document contains important technical and safety information about the device, and its safety use and installation

⚠️ WARNINGS! WARNING: CHOKING HAZARD-SMALL PARTS. NOT FOR CHILDREN UNDER 3 YEARS

Product Introduction

The KKSB Tinker Board case is made of steel with a black powder-coated finish and compatible with Tinker Board and Tinker Board S. KKSB Tinker Board S case has cutouts for Ethernet, HDMI, USB ports, Audio Jack, SD Card Slot, and Micro USB on the ASUS Tinker Board and Tinker Board S. In addition, it has a dedicated cable routing space for GPIO ribbon cable or other cables connected to GPIO pins.

The base of the KKSB ASUS Tinker Board & Tinker Board S Case has precut surface mounting holes. You can quickly fix the case to any suitable surface. The compact, connector-compatible and practically applicable design makes the case suitable for different settings from an enthusiast's room to a professional's workstation. Simply use it as a desktop if you want or mount it on a surface whenever required.

Standards for Inclusion: RoHS Directive

This product meets the requirements of the RoHS Directive (2011/65/EU and 2015/863/EU) and the UK RoHS Regulations (S.I. 2012:3032).

Disposal and Recycling

To protect the environment and human health, and to conserve natural resources, it is important that you dispose of the KKSB Cases responsibly. While this product does not contain electronic components, proper disposal is still essential to minimize environmental impact.

- Do not dispose of the KKSB Cases as unsorted municipal waste.
- Take the case to recycling facilities that accept metal or plastic materials and can properly process the case.
- Do not incinerate or dispose the module in regular household waste.

By adhering to these disposal and recycling guidelines, you can help ensure that the KKSB Cases is disposed of in an environmentally responsible manner.

⚠️ WARNING! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
